Introducing for 1941 . . .

BARBARA HUTTON—Informal Decorative

The long, narrow petals, which are six to eight inches long from tip to center, have a decided curl, making a huge and deep bloom. The color is white with a pink blush. Stems are excellent. Countess Barbara Haugwitz-Reventlow writes: "I thank you and appreciate very much the honor to have my name given to such a lovely bloom."

Roots \$10.00 Plants \$3.50 3 Plants \$10.00

THE REAL GLORY—Formal Decorative

This dahlia was originated by Major Heichew and the late A. G. Goodacre. The color is white; substance and stem excellent. A 12-inch bloom with good keeping qualities that it popular with the florists. Ample stock permits us to quote:

Dahlia Plants

We highly recommend our dahlia PLANTS. They are grown from base cuttings under a controlled temperature of 65 to 70 degrees. They are well hardened off before ready to be set out, and will bloom the first year and about the same time as roots that have been planted two weeks earlier.

DAHLIA GREEN PLANTS ARE READY FOR
SHIPMENT AFTER APRIL 15

To our customers who visit the Gardens and take delivery on plants, we offer a collection rate on six plants or more, at a considerable saving. If you advise us of your selection, we will be glad to quote you prices.

“CALIFORNIA’S FINEST DAHLIA SEED”

This seed is gathered only from the large exhibition-type dahlias. No others are permitted to bloom during seed time. We believe there is no finer seed produced, and the many letters we have from our customers who order each year confirms this statement.

Dahlias grow readily from seed but do not reproduce the variety from which the seed was gathered. It is not easy to originate and establish a new variety, but IT IS a thrill to grow your dahlias this way, and always with the hope of success. The plants will bloom the first season and will produce a clump of roots for the next year’s planting.

Mr. ——— (name furnished on request) of Pennsylvania raised this dahlia in 1939 from 100 MIXED seed purchased of The Stephenson Dahlia Gardens.

Color—Rose to Orchid Pink. Diameter, 13½ inches.

SEED PRICES

20 seed, \$1.00 100 seed, \$5.00 1000 seed, \$40.00

To those who can take delivery of plants at the Garden, we grow seedlings and have them ready to set out about May 15. These are grown from our “California’s Finest Dahlia Seed”—the kind we plant ourselves.

Price \$1.25 per dozen
